Homepage - No Show Selected

More details needed on description overlay. Needs to be clear before clicking "Title and Show".
Title and Show and Content Type / Tags"

Virtually all site content can be presented as a "Post" with a Post Type and Tags. Tags can be user-submitted content, episodes, characters, quotes.

On Show, content becomes ordered according to option at top - Trending, Recent, Most Liked, Most Viewed.
Search, Profile, and Post slide up. Choose Show slides from left. Clicking top show image outside Episode Guide ground will unfill a show is selected.

Clicking top show image outside of "essential" interaction takes user to Show - Episode - Reactions page.

When a show is selected, homepage only displays content related to that show. Top bar becomes most recent episode, available left or right to other episodes.

Clicking "No" or "Not Yet" in this episode exists in Episode Guide.
Posts up top TBD solving "What would I need to see to watch?" Fan Fic, Fan Art, Review, Story, write a character limited spoiler, or "skip".
Clicking "Watched" in this episode, "Yes" and "Not" stores as "Fib Not / Fib Yes".

Leading up to new episodes, lesser image and countdown appear first in top featured box. User can click to share across social media.
